

**MRT-1092 (03/31/16)**  
**"Solder Pot - Solder Height Gauge"**

1. Fill solder to the bottom of the gauge (initial fill height) without the pump in the solder pot.
2. When the pump is immersed in the solder pot it will raise the level of solder to the scribed line on the gauge. (Pump fill line)
3. Height may vary when using 75mm Wave pump & 2"X2" Wave pump.

**NOTE: Do not fill the solder pot above the pump fill line!**
