MRT-1069S SWAK-OS
Installing SWAK-OS Software Updates

NOTE: Files are in the SWAK-OS Updates folder on the ftp site.
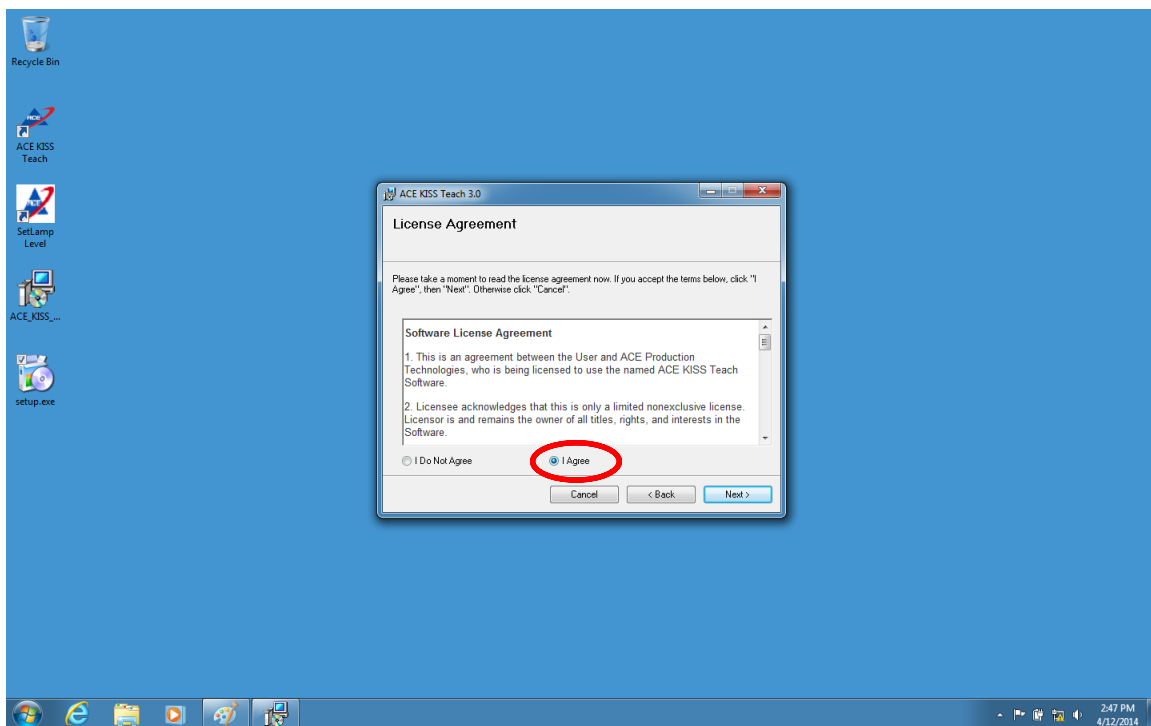

1. First step is to copy / extract the 2 install files to the desktop, circled in red below. Then right click and run the "setup.exe" as administrator.
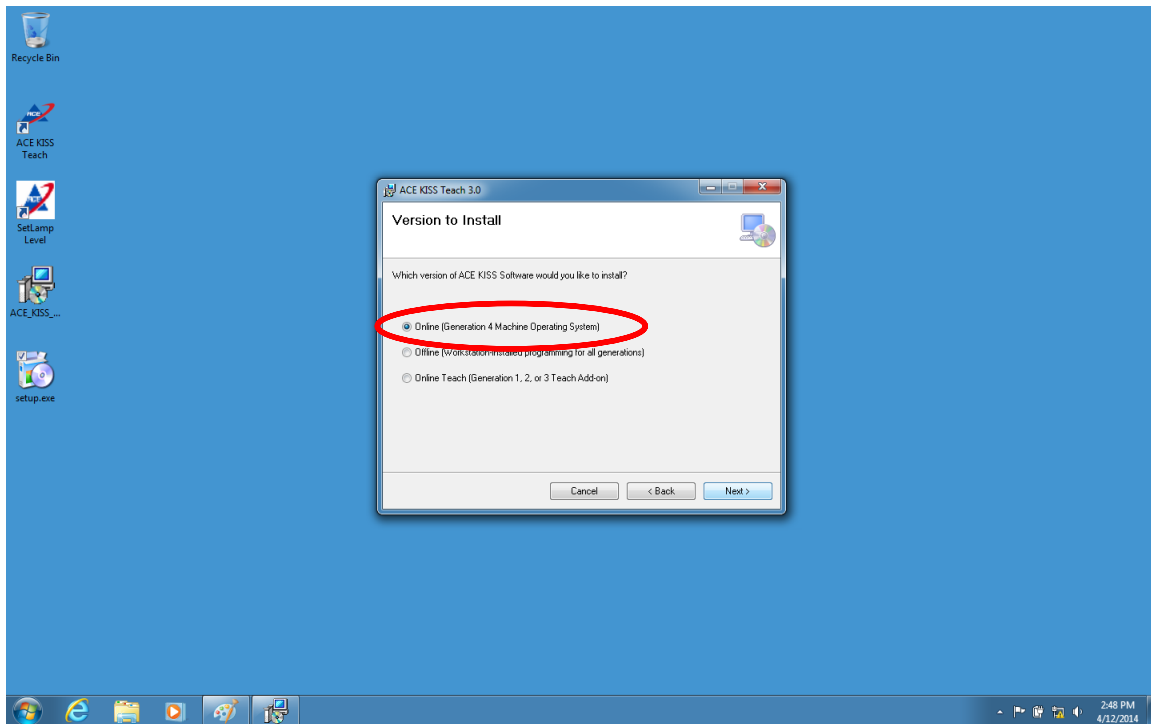

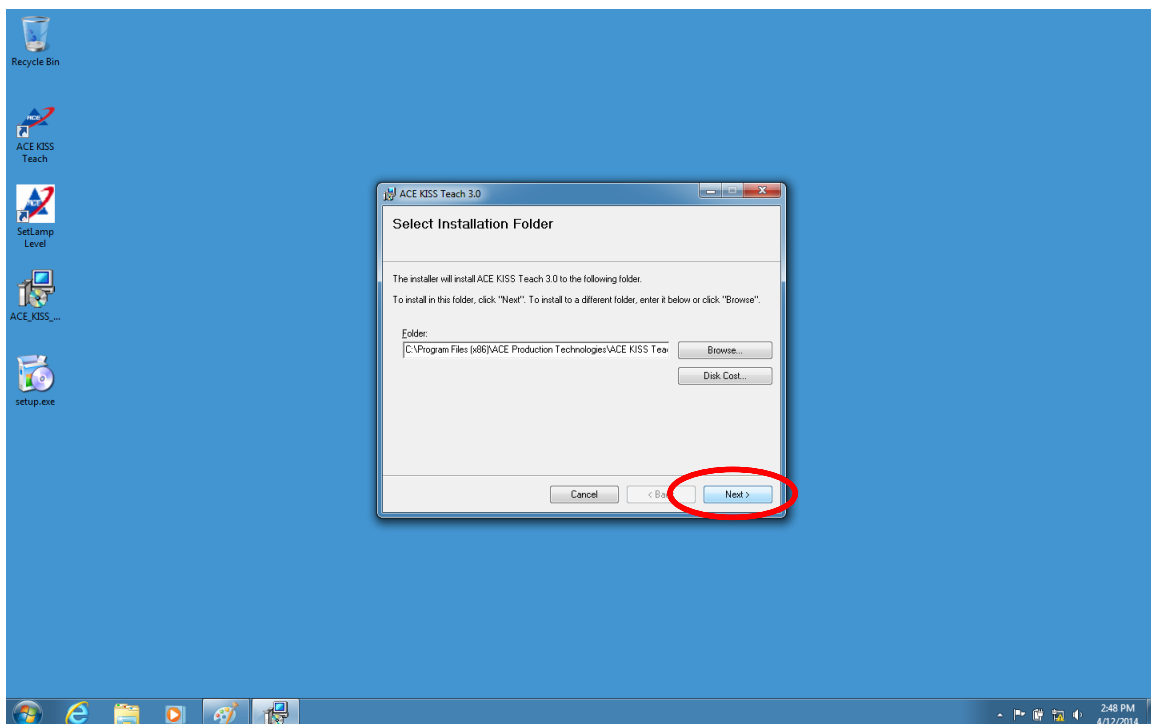

2. Click "Next>"

3. Select the "I Agree" radio button.

4. Select "Online (Generation 4 Machine Operating System)" radio button.

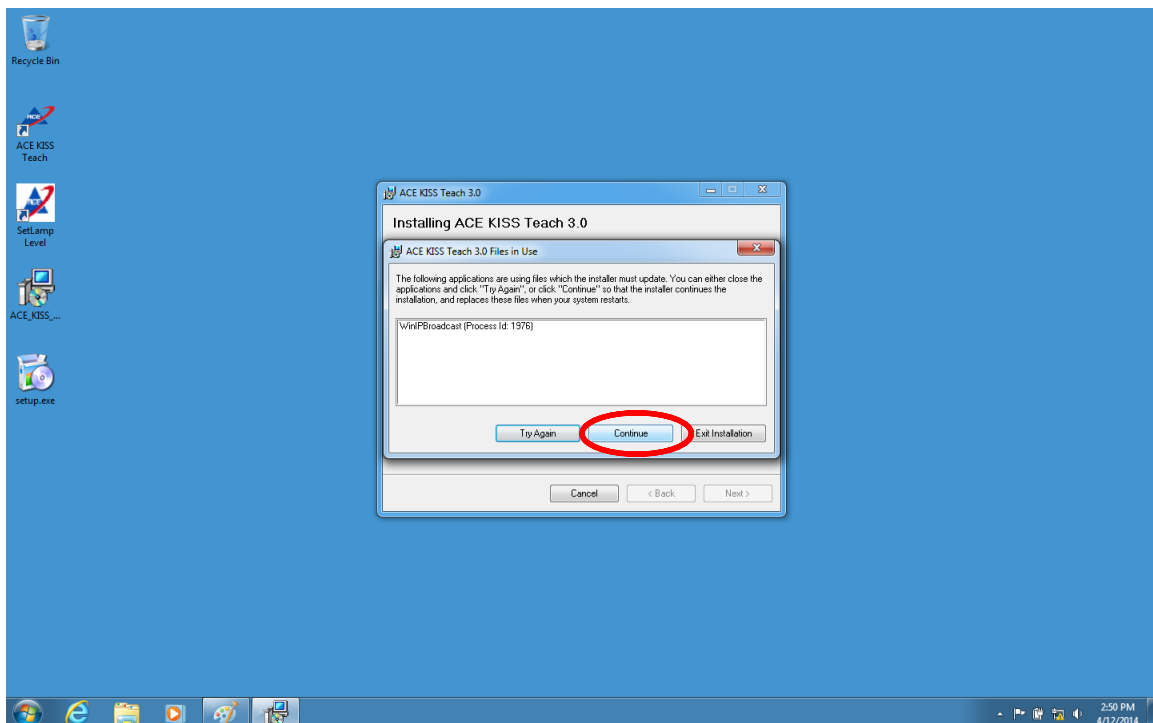

5. The correct installation folder will already be in the file path bar. Select "Next>"
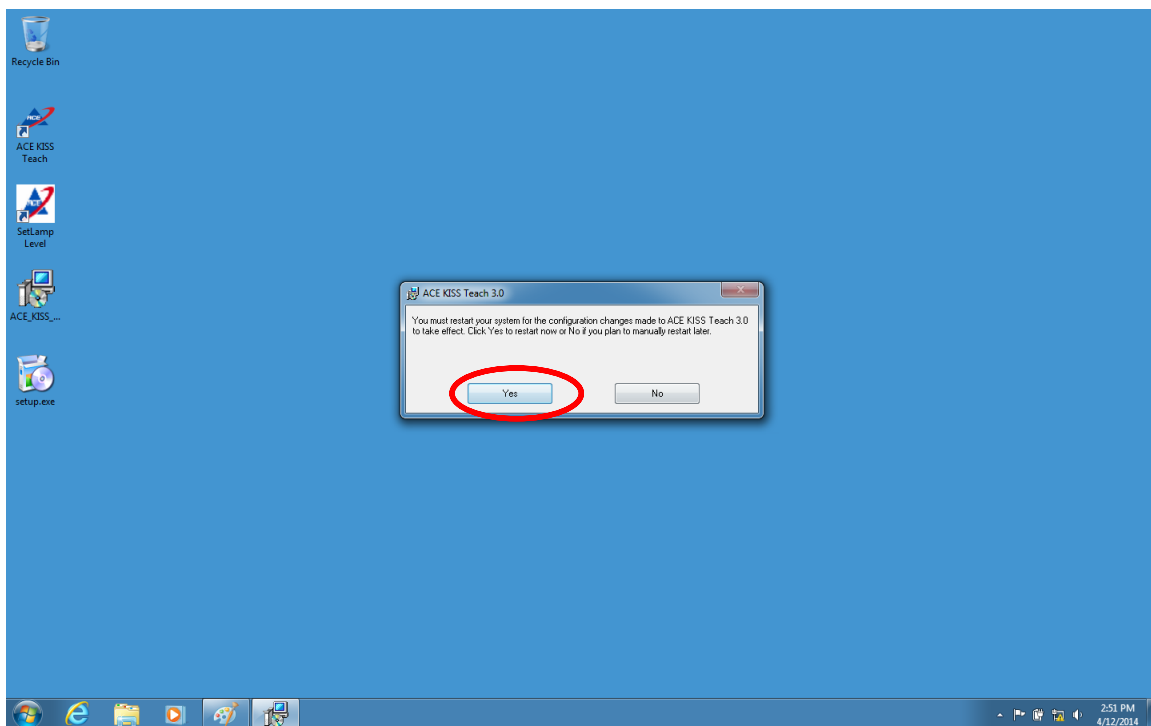

6. Select "Next>"

7. If the "WinIPBroadcast" message comes up, then select "continue". You will have to restart after the software is updated anyway.

8. Installation is now complete. Click "Close".

9. Restart the PC by clicking "Yes"

Restarting the PC will complete the software installation.
